CONDITIONS OF THE ROW PERMIT

1. **CONTRACTOR/S MUST VERIFY AND CONFIRM THAT ALL CITY OWNED FACILITIES ARE PROPERLY LOCATED, CLEARLY MARKED AND IDENTIFIED PRIOR TO COMMENCEMENT OF ANY WORK AND EVERY TEN (10) DAYS DURING CONSTRUCTION ACTIVITY.**
2. **HOURS OF WORK SHALL BE FROM 7:00 a.m. TO 4:00 p.m., MONDAY THROUGH FRIDAY.**
*******NO WORK ON HOLIDAYS.*******
3. Contractor shall comply with City of Cedar Hill Right-of-Way management ordinance No. 2001-54. Plans shall clearly show the proposed facilities with respect to existing roadway, driveways, street intersections and visible structures within 10' of project. Plans shall also include a traffic control plan signed and sealed by a "Licensed Texas Professional Engineer". In addition, the plans shall clearly show the limits of construction. Street names and other pertinent labels to describe the location of the proposed facilities shall be legible.
4. Contractor shall furnish, install and maintain erosion control devices per plans along project, comply with all Cedar Hill Stormwater Pollution Prevention specifications and with NCTCOG's stormwater management practices for construction activities.
5. Contractor shall repair all areas disturbed, damaged and destroyed which shall include, but is not limited to the following:
 - a) All yards with sods shall be re-sodded.
 - b) Contractor shall re-install iron rods and other property markers disturbed by construction.
 - c) All sprinkler systems shall be repaired immediately after back fill is complete.
 - d) Manholes, inlets and other structures must be replaced or repaired if damaged.
6. Contractor shall keep street free of dirt, silt and other debris and sweep street at the end of the working day.
7. Contractor shall Curlex and seed and/or hydromulch all disturbed areas and include 4" of top soil. Seeding shall be as required by City specifications.
8. Contractor shall comply with MUTCD traffic control for work areas and per the traffic control plan for the project.
9. Clean up shall be conducted every 5' behind excavation crew.
10. All excavation within City ROW requires mechanical compactions. Compaction test reports must be turned in to Public Works Department.
11. At the end of each work day, the contractor shall erect a temporary security fence at all excavations. Provide identifying markers at location with the contractor's name, company name with clear contact information.
12. Contractor will not be issued another permit until all work (current and previous) has been approved by the City.
13. Contractors listed on permits are responsible for all sub-contractors.
14. Non-conformance with the previously listed requirements will initiate a stop work order until corrections are made.
15. Upon completion of construction, make an appointment with Construction Inspector for Final Inspection.
16. A copy of the work permit MUST be kept with the Contractor on the job site for review by an Inspector, if requested.

SEE ATTACHED SPECIAL CONDITIONS FOR PERMANENT FACILITIES OWNED BY OTHERS.

I hereby acknowledge and agree to the conditions of the permit.

WARNING AND DISCLAIMER

THE CITY OF CEDAR HILL CANNOT AND DOES NOT REPRESENT, WARRANT OR GUARANTEE THE EXISTENCE AND/OR LOCATION OF ANY UTILITY(IES) SHOWN ON AS-BUILT PLANS. DO NOT RELY ON AS-BUILT PLANS TO DETERMINE THE EXISTENCE OR LOCATION OF ANY UTILITY (WATER, SANITARY SEWER, STORM PIPES, CULVERTS, ELECTRICAL LINES, CABLE, ETC.) THE EXISTENCE AND LOCATION OF UTILITIES MUST BE VERIFIED IN THE FIELD AND THE CITY OF CEDAR HILL ASSUMES NO LIABILITY FOR THE EXISTENCE OR LOCATION OF ANY UTILITY LINE OR STRUCTURE.

SIGNAGE AND ADJACENT PROPERTY NOTIFICATION

Attention Right of Way Permittee

In addition to other construction signage, barricades, or warning devices required by law or ordinance, the following signage is required.

1. The contractor performing construction within the City right of way shall clearly mark vehicles with the contractor's name and telephone number.
2. Any construction in the City right of way lasting more than one week must be identified by signage that is clearly legible to the traveling public. The sign must be posted at or near the worksite and must contain:
 - A) THE NAME OF PERMITTEE;
 - B) THE NAME OF PERSON PERFORMING THE CONSTRUCTION ON BEHALF OF THE PERMITTEE, IF ANY; AND
 - C) A LOCAL 24-HOUR CONTACT NUMBER THAT CAN BE USED IN CASE OF EMERGENCY OR TO ANSWER ANY QUESTIONS.
3. Sign(s) shall not block any traffic sight lines.

In addition, when permitted construction will last longer than one week, the contractor shall give written notification (door hanger) to all adjacent property occupants by clearly posting the notification on each adjacent property at least 72 hours before commencement of construction, unless the Public Works Director determines that an emergency exist.

For more details, see: Chapter 19, Article II, Right of Way Management Code of Ordinances.
