II. Library in a Park Update – Melissa Valadez-Cummings & Aranda Bell

Ms. Valadez-Cummings: Ms. Valadez-Cummings began the presentation by defining the vision of the Library of the Park bond project (this coming from CDC and broad public input). Some of the CDC created focus for the library are: Innovative, inclusive, green, indoors/outdoors, space, distinctive.

Ms. Bell: Aranda shared a reminder of the past – the journey of this bond project for the library. She reminded board members of the timeline of the project, how it began, how information was gathered, decisions were made, etc. A focus was put on the fact that our library will be “iconic” and “inclusive”.

Ms. Valadez-Cummings: Melissa continued the presentation a site analysis. She described the land, how it will connect with the government building, etc. A slide show was shared so that the board could see the concepts of the park and the library within the site. Some questions and clarification were discussed throughout the presentation. Melissa inquired as to thoughts of the board and all responses were positive and approving.

Ms. Bell: Aranda presented (through a slide show) the library concept/design. The board members were able to see how the sections of the library would be situated. There was some discussion regarding the elevators (for staff and public), as well as the social stair. Ms. Bell reveled the concept for the building (outside views), she pointed out that the building would be sustainable, the safety of the parking/drive-thru, and how the concepts/design came to be.

There was further discussion, suggestions, and questions of clarification. All concerns and suggestions (the butterfly roof, materials of the building, railing along stairs, solar panels, etc) were noted and will be considered.

Ms. Valadez-Cummings concluded the presentation by reviewing the next steps and timeline for the future.
