# CEDAR HILL HIGHLIGHTS

## City staff honors Dr. King with community service

**To honor the legacy of Dr. Martin Luther King, Jr., Americans should make it “a day on, not a day off.”** At least, that’s how many City of Cedar Hill employees feel.

The Martin Luther King, Jr. National Day of Service is an opportunity for all Americans to honor Dr. King by coming together to help meet the needs of their communities and recommit to service throughout the year.

Monday, January 19, City offices were closed as it was a designated holiday for City employees. Nevertheless, dozens of City workers spread out across the community and spent hours finding ways to help serve residents.

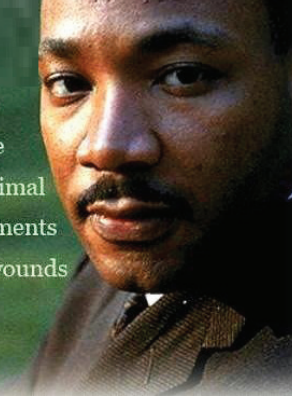

Below, and on the following page, are some of the ways they helped.

**Some brought family and picked up trash in parks and along the roadside.**

Never, never be afraid to do what’s right, especially if the well-being of a person or animal is at stake. Society’s punishments are small compared to the wounds we inflict on our soul when we look the other way.

## Block Party, the event for everyone

Leah Walker  
Neighborhood Services  
Coordinator

The 10th annual Recreation Center Anniversary and Block Party on Saturday, March 7, will be a free event featuring a health fair, food trucks, petting zoo, music, gaming truck and much more. The first 750 attendees will receive a free commemorative t-shirt.

It all starts at 10 a.m. and runs until 2 p.m. The Neighborhood Services Department, in collaboration with Parks and Recreation, invite you to celebrate the Recreation Center’s ten great years of serving this community through fun and fitness.

The Block Party started in 2004 as a way to commemorate the opening of the Cedar Hill Recreation Center and has grown into the largest community event of the year. It has grown beyond the building, with some displays and activities happening outside.

With dozens of participating organizations, this dynamic event serves as a celebration, and a fun way to learn about the wide array of services and resources available to Cedar Hill residents.

Councilman Stephen Mason said “I look forward to the block party each year because it is a great way to bring all of the different neighborhoods together. It is also lots of fun!”

## Celebrate Black History Month at the Zula B. Wylie Public Library

Black History Month, also known as African-American History Month, is celebrated every February. It is a time to remember the important people and events in the history of descendants of the West and Central Africans who were enslaved and shipped to the Americas by way of the Atlantic Slave Trade.

The Zula B. Wylie Public Library will be honoring the African-American community by celebrating Black History Month with the following programs:

**Family Fun Night on Monday, February 9, at 6:30 p.m. will have a drum performance from the Amber Terrace Elementary Drumming Group** of DeSoto, led by Kevin Hood. There will be interactive games to learn about different individuals and events that helped shape African-American history.

**Mr. Paul Beaty will speak on "Reconnecting the African Diaspora" at the Cedar Hill Genealogy Society meeting on Thursday, February 12, at 6:30 p.m.** at the library. Mr. Beaty is a member of the African American Genealogical Society and the Dallas Genealogical Society. He has reconnected over a hundred families through genealogy

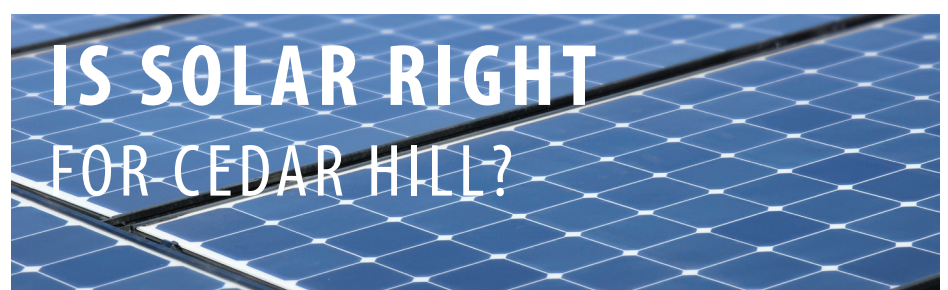

and other various DNA projects over the last ten years.

**Every Tuesday in February at 4:30 p.m. the library will have the West Africa drumming specialist, Damon Frazier, instructing children in the art of playing African drums.**

For the past several meetings, the Planning and Zoning Commission has studied how solar photovoltaic energy systems work, and their impacts on the community. Currently, the Commission is in the problem-identification process, where they identify every possible issue that may arise from solar panels.

The issues that are being currently discussed are: aesthetics, hazardous materials, decommissioning, ambient temperature, property val-

ues, public safety, noise, glare and environment. Other communities around the Dallas-Fort Worth area, including Flower Mound, Southlake, and Plano, have taken up this issue.

Are there other concerns regarding solar photovoltaic systems that the Commission should be reviewing?

The “Your Dallas” historical exhibition series at the Old Red Museum returns to Cedar Hill with an open house celebration Saturday, February 28 from 2 – 4 p.m. at the Cedar Hill Museum of History, 607 Cedar St. in Historic Downtown.

Colony arrived by wagon, through a Depression-era bank robbery attributed to a member of Bonnie and Clyde’s gang.

Displays explore the social, commercial, and natural history of the city known as the Hill Country of North Texas. Developed by the Cedar Hill Historical Society, the returning exhibit will be on permanent display at the Museum Tuesday-Saturday from 11 a.m. – 3 p.m. or by appointment.
