# NATIONAL NIGHT OUT IN FULL FORCE FOR 2021

In October, Cedar Hill celebrated its 9<sup>th</sup> Annual National Night Out, where dozens of neighborhoods hosted block parties and community gatherings. The events bring neighbors, community leaders, and first responders together to build relationships that make Cedar Hill a safer place to live.

“The more involvement we have from our community, the safer we’ll be,” said Police Chief Ely Reyes, whose top goal is to make Cedar Hill one of the safest places to live in North Texas. “The Police Department depends on residents to be our eyes and ears, so people need to know their neighbors and when something is suspicious or out of place. Knowing their officers will make them more comfortable and trusting to report such activities.”

# CEDAR HILL IS 'SCENIC CITY' FOR 3<sup>RD</sup> CONSECUTIVE YEAR

Last month Cedar Hill was among 22 Texas cities that have been recognized as 2021 Certified Scenic City award recipients through the Scenic City Certification Program, a program of the statewide nonprofit and its 17 partner organizations. Cedar Hill has received the certification for the past three years and this year was upgraded to a 'Platinum' designation.

The Scenic City Certification Program recognizes cities for their demonstrated commitment to high-quality scenic standards for public roadways and spaces.

"This year followed similar trends as 2020, when Texans found themselves spending more time in their neighborhoods and considering investments in their immediate communities," said Sarah Tober, Scenic Texas President. "The Scenic City designation is fast becoming an acknowledgement that residents are committed to creating a more scenic environment for themselves and for visitors, whether that means creating scenic roadways, preserving historic sites, or improving parks and green spaces."

The Scenic City Certification Program is a nationally recognized, one-of-a-kind model, developed to provide communities with a comprehensive set of standards and evaluations for the design and development of public roadways and spaces.
