

Schedule a Pre-Development Meeting

What is a Pre-Development meeting?

A Pre-Development meeting is an informational meeting with city staff to help applicants prepare for the development application review process(es) that will be associated with your project, along with identifying potential issues and concerns, prior to a formal submission.

The Planning Department will not accept any development application without first having a Pre-Development Meeting with the applicant. Pre-Development meetings are held via Microsoft Teams (online) every Wednesday beginning at 2:30 p.m. There is no fee for this meeting.

Fill out this form below and **include a concept layout plan and/or any other information** for the proposed project/subject site and email to planning@cedarhilltx.com to schedule a meeting.

Applicant's Contact Information

Name	
Company Name	
Email	
Phone Number	

Project Information *(if additional room is needed, please provide on a separate sheet)*

Project site address.	
Briefly describe the project.	
What land uses are associated with the project? <i>(example: single-family residential, commercial, industrial, mixed-use, etc.)</i>	
Does the project involve new construction or expansion to existing?	

The information provided during a pre-development meeting does not confer approval of any project. Additional comments related to your project will be provided upon review of a formal development application submittal. This meeting is NOT intended to be a substitute for NOT reading and applying the appropriate city development codes and ordinances to your project. You can find the city codes and ordinances in this [link](#).
